2. ADJOURN

The Board recognizes that these meetings topics are very sensitive in nature and may stir personal emotions. We ask that ALL of us act professionally and polite while making our opinions known. Each of our residents deserve respect while voicing their views and should not be interrupted during their turn to speak. Please recognize that the Board has spent a great amount of time evaluating criteria before arriving at these suggested rule changes and we feel these changes will improve how our community operates. Remember we too will be bound by them if approved and they are subject to change down the road, if needed.
