

INDIAN PALMS HOA

JANUARY 2025

TURF

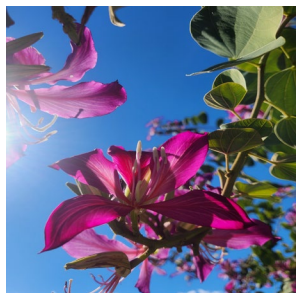

Mowing – Mowing will be completed at the height of 1 ½” in. this month.

*Turf will be growing slow. Fertilize to maintain good color and vigor. Say off frosty areas in the morning to prevent damage to turf. Irrigation will be at a minimum this month.

Fertilization – Granular fertilizer will be applied as needed.

Herbicide – Spot spraying using Glystar will be done to treat weeds. Spraying application will continue as needed throughout the month.

SHRUBS

Focus Pruning – Regular pruning will continue to be completed.

*Limit shrub pruning. Do not remove any frost damaged foliage at this time.

TREES

Scheduled Trimming – No tree trimming is scheduled.

HIGHLIGHTS

Notes: January is the coldest month of the year. Growth has slowed for most plants. There is a good possibility of frost.
