

INDIAN PALMS HOA

MARCH 2025

TURF

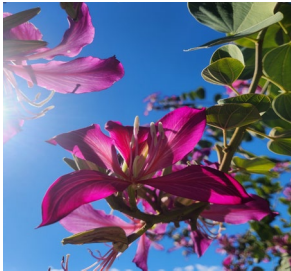

Mowing – Rapid growth is expected this month due to the change in weather.

*Turfgrass will be growing rapidly. Increase irrigation times as the weather warms up. Watch for dry areas and make necessary repairs or adjustments. Spray herbicides as weeds appear.

Fertilization – Fertilizer was applied last month.

Herbicide – Spot spraying will be done for broadleaf weeds.

SHRUBS

Focus Pruning – Heavier seasonal pruning will be completed at this optimal time due to the excessive growth.

*Shrubs will be growing rapidly, prune regularly to maintain growth. If heavy pruning is necessary now is the best time of year to do this.

TREES

Scheduled Trimming – No tree pruning is scheduled this month.

HIGHLIGHTS

Notes: March is an ideal month for most landscape activities. The weather is ideal for plant growth.
